After Insurance Companies

Fred S. Jackson, attorney general, filed in the district court for Shawnee county a list of forty-four questions for the eighty insurance companies accused of violating the anti-trust laws, to answer. The questions are submitted under the interrogatory law passed two years ago. In nearly every anti-trust case tried the witnesses when asked about a certain transaction replied: "I do not know." In that way they avoided giving the evidence desired by the state. Under this interrogatory law the questions are asked of the company as a witness and if any of the companies' employees know about it they must answer.

The insurance companies are charged with making trust agreements not to cut insurance rates under the rates published by Charles E. Elkredge of Topeka. Elkredge fixed the rates on every piece of property in Kansas and sold the premium rates to the insurance companies. The attorney general asks all about the companies' plan of business, how long it has been a member of the rating bureau, how it uses the rating sheets, details of business relations with Elkredge and copies of contracts. There are many technical questions asked.

Plenty of Exercise Necessary—Plenty of regular exercise must be taken to keep the body in a healthy condition. Any excessive or unusual exertion, however, is sure to cause stiffness and soreness of the muscles and joints.

To counteract this effect there is nothing better than the Sloan's Liniment. Lay it on lightly where the muscles have been strained; it requires no rubbing for it penetrates right to the bone, relieves any congestion and inflammation and makes the muscles elastic and pliant.

Sloan's Liniment is a great boon to athletes, for it not only relieves pain and stiffness, but it is an excellent remedy for sprains, cuts, bruises, and cramps.

Mr. J. F. Price of Tusculum, Ala., writes:—I am an engineer on the Southern Road from Chattanooga to Memphis, Tenn. The continued elevation of my arm up on the throttle gives it a sore feeling, when on a long journey, and nothing will take all of the soreness out like Sloan's Liniment, and I keep a bottle in my grip always.

Fort Scott Bank Fails

The First National bank of which Grant Hornaday is president, failed to open its doors Friday morning. On the door was posted this notice:

By order of the board of directors, this bank is closed for the protection of all parties concerned. For the past two days it has suffered from a severe run, caused by malicious reports, but it will pay every debt it owes in full with interest.

The news spread through the city within a few minutes after 9 o'clock when the bank was due to open, it was generally known that it had failed.

At 10 o'clock President Hornaday made the following statement:

"We have suffered from a run for two days, which ran our cash down \$80,000, leaving us about \$110,000 cash on hand. The community is scared and there was every indication that the run would increase and would probably exhaust all the cash on hand. For the protection of all parties concerned, the board of directors deemed it wise to suspend."

The Barton County Fair for 1908, although a little late, was pulled off at the opera house last Friday evening with a record breaking attendance, and in such a manner that for once there is no kicking about the entertainment offered. A large number of local people participated in the affair, and without exception all acquitted themselves in the best of manner. To specialize, would be wrong, and to give every one a notice would take too much valuable space. Suffice it to say that the entertainment was a success in every way.

CAN'T BE SEPARATED.

Some Great Bend People Have Learned How to Get Rid of Both.

Backache and kidney ache are twin brothers.

You can't separate them. And you can't get rid of the backache until you cure the kidney ache.

If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health.

Doan's Kidney Pills make strong healthy kidneys.

Isom Wright, living at 1105 Stone st., Great Bend, Kans., says, "I had a constant soreness in my back and hips, which greatly inconvenienced me when I would stoop or when straightening after stooping. A friend advised me to try Doan's Kidney Pills, and I went to the A. & A. Drug Co. and got a box. I have not had any kidney trouble since and am now in the best of health. I know of several other parties who have been greatly benefited by this wonderful remedy and it gave me pleasure to endorse it."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Mr. and Mrs. Ed Heister were down from the northwest corner Thursday.

Up at Salina the other day two women were claiming one man. Man, poor man, keep away from Salina.

The Kansas City Journal is working over-time producing arguments calculated to cause some of the members of the legislature to exercise their constitutional rights in voting for United States senator.

Samuel Gompers has been re-elected President of the American Federation of Labor. All the former officers were elected except Daniel J. Kufe, for eighth vice president. It will be remembered that Kufe, a member of the executive board sidestepped the Federation's plans in the recent campaign.

Card of Thanks.

We desire to thank our friends for their kindness and help during the illness and death of our son and brother.
